GENERAL PROXY INFORMATION

General

In this Management Information Circular and Proxy Statement ("**Information Circular**"), unless otherwise noted, all dollar amounts are expressed in US Dollars. Information contained in this Information Circular is given as of September 17, 2019 unless otherwise stated. The corporate office of the Company is located at 1500, 205 – 5th Avenue S.W., Calgary, Alberta, T2P 2V7.

Solicitation of Proxies

This Information Circular is being furnished in connection with the solicitation of proxies by the management of Niko Resources Ltd. ("**Niko**" or the "**Company**") for use at the Annual Meeting (the "**Meeting**") of holders (the "**Shareholders**") of common shares ("**Common Shares**") in the capital of the Company to be held in the **Angus / Northcote Conference Room at Bow Valley Square II, #300, 205 5th Avenue S.W., Calgary, Alberta, T2P 3V7** on **Tuesday, October 22, 2019 at 3:00 p.m.** (Mountain Daylight time) and any adjournment(s) thereof, for the purposes set forth in the Notice of Meeting accompanying this Information Circular (the "**Notice**").

Accompanying this Information Circular (and filed with applicable securities regulatory authorities) is the form of Proxy ("**Instrument of Proxy**") for use by Shareholders at the Meeting.

Proxies will be solicited by mail and may also be solicited personally, or by telephone or any form of electronic communication by directors or officers of Niko, who will not be specifically remunerated therefore. The cost of solicitation by management of Niko will be borne by Niko. Niko will pay the reasonable costs incurred by persons who are the registered but not beneficial owners of voting securities of Niko (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this Information Circular, the Notice of Meeting and Instruments of Proxy to the beneficial owners of such securities. Niko will provide, without cost to such persons, upon request to Niko, additional copies of the foregoing documents required for this purpose.

Appointment of Proxies

Shareholders who wish to be represented at the Meeting by proxy must complete and deliver the Instrument of Proxy to the Company's transfer agent, Computershare Trust Company of Canada ("**Computershare**"):

Computershare Trust Company of Canada
Proxy Department
8th Floor, 100 University Avenue
Toronto, Ontario, M5J 2Y1
Toll Free: 1 (800) 564-6253
Fax: 1 (866) 249-7775

In order to be valid, the Instrument of Proxy must be received by Computershare no later than forty-eight (48) hours (excluding Saturdays, Sundays and holidays) prior to the time of the Meeting or any adjournment thereof.

Shareholders are entitled to vote on all matters as described in the Instrument of Proxy. Each Shareholder has the right to appoint a person (who need not be a Shareholder), other than the persons designated by the Instrument of Proxy furnished by the Company, to represent such Shareholder at the Meeting. To exercise this right, a Shareholder may do so either by striking out the names provided and inserting such person's name in the blank space provided in the Instrument of Proxy or by completing another Instrument of Proxy to replace a previously submitted Instrument of Proxy and, in either case, delivering the completed proxy to the office of Computershare at the address referred to above within the time specified above for the deposit of proxies.

Revocation of Proxies

A Shareholder who has submitted a proxy may revoke it at any time prior to the exercise thereof. If a person who has submitted a proxy attends personally at the Meeting at which such proxy is voted, such person may revoke the proxy and vote in person. In addition to revocation in any other manner permitted by law, a proxy may be revoked by: (a) the Shareholder signing another proxy bearing a later date than the first proxy and delivering such subsequent proxy to Computershare at the address referred to above and within the time specified above for the deposit of proxies; or (b) an instrument in writing by such Shareholder or by an authorized attorney or, if the Shareholder is a corporation, by a duly authorized officer, and deposited either with Computershare at the address referred to above or with the Chairman of the Meeting at any time prior to the Meeting or any adjournment thereof.

Signature of Proxy

The Instrument of Proxy as well as any instrument revoking the same shall be executed by the Shareholder or his attorney authorized in writing, or if a Shareholder is a corporation, the proxy or other instrument should be signed in its corporate name under its corporate seal by an authorized officer whose title should be indicated. Such proxy or other instrument signed by a person acting as attorney or in some other representative capacity should reflect such person's capacity following his or her signature and should be accompanied by the appropriate documentation evidencing qualification and authority to act (unless such documentation has been previously filed with the Company).

Voting of Proxies

Registered Shareholders and non-objecting beneficial owners of Common Shares may vote using the internet at www.investorvote.com or by telephone via the toll free number found on the front of the Instrument of Proxy to transmit their voting instructions. Shareholders should have the Instrument of Proxy in hand when they access the website or phone, as they will be prompted to enter their control number, which is located on the Instrument of Proxy. If such Shareholders vote using the website, their votes must be received not later than 3:00 p.m. (Mountain Daylight time) on October 18, 2019 or forty-eight (48) hours prior to the time of any adjournment of the Meeting. **The website or toll free number may be used to appoint a proxyholder to attend and vote on such a Shareholder's behalf at the Meeting and to convey such a Shareholder's voting instructions. Please note that if such a Shareholder appoints a proxyholder and submits its voting instructions and subsequently wishes to change its appointment, the Shareholder may resubmit its proxy and/or voting direction prior to the deadline noted above. The most recently submitted proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last proxy is submitted by the deadline noted above.**

Exercise of Discretion by Proxies

The persons named in the Instrument of Proxy will vote the Common Shares in respect of which they are appointed in accordance with the direction of the Shareholders appointing them. In the absence of such direction, such Common Shares will be voted "**FOR**" fixing the number of directors to be elected at the Meeting at four (4), and "**FOR**" the election of nominees hereinafter set forth as directors of the Company for the ensuing year, "**FOR**" the appointment of KPMG LLP as auditors of the Company. **The enclosed Instrument of Proxy confers discretionary authority upon the persons named therein with respect to any amendments or variations in the matters outlined in the accompanying Notice of Meeting or any other business which may properly come before the Meeting. The management of the Company knows of no such amendments, variations or other business to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters which are not known to the management of the Company should properly come before the Meeting, the Instrument of Proxy given pursuant to the solicitation by management of the Company will be voted on such matters in accordance with the best judgment of the persons voting the proxy.**

Voting Shares

As at the date hereof, the Company had 94,049,967 Common Shares issued and outstanding and one (1) Preferred Share issued and outstanding. Each Common Share carries the right to one vote at the Meeting. Only persons registered as holders of Common Shares as of the close of business on September 17, 2019 (the "**Record Date**") are entitled to receive notice of and to vote at the Meeting, except if (a) the holder has transferred the ownership of any of his or her Common Shares after the Record Date, and (b) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Common Shares, and demands not later than ten (10) days before the day of the Meeting that his or her name be included in the list of persons entitled to vote at the Meeting, in which case the transferee will be entitled to vote his or her Common Shares at the Meeting.

A quorum of Shareholders is present at a meeting of Shareholders if at least two (2) persons are present holding or representing not less than ten (10) percent of the Common Shares entitled to be voted at the Meeting.

Advice to Beneficial Holders of Securities

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of the Shareholders do not hold Common Shares in their own names. Shareholders who do not hold their Common Shares in their own names (referred to in this Information Circular as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Company as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those shares will not be registered in the Shareholder's name on the records of the Company. Such shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers/nominees are prohibited from voting for their clients. The directors and officers of the Company do not know for whose benefit the Common Shares registered in the name of CDS & Co. or of other brokers/agents are held.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically mails voting instruction forms ("**VIFs**") to the Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a VIF cannot use that VIF to vote Common Shares directly at the Meeting, the VIF must be returned to Broadridge well in advance of the Meeting in order to have the Common Shares voted.

Management does not intend to pay for intermediaries to forward to objecting beneficial owners under National Instrument 54-101 the proxy-related materials and Form 54-101F7 – Request for Voting Instructions Made by Intermediary, and that in the case of an objecting beneficial owner, the objecting beneficial owner will not receive the materials unless the objecting beneficial owner's intermediary assumes the cost of delivery.

Interest of Certain Persons in Matters to be Acted Upon

Other than as set forth herein, management of the Company is not aware of any material interest, direct or indirect, by way of beneficial interest or otherwise, of any director or executive officer of the Company, any proposed nominee for election as a director of the Company or any associate or affiliate of the foregoing in any matter to be acted upon at the Meeting other than the election of directors.

Principal Holders of Common Shares

As of the date of this Information Circular, the directors and executive officers of the Company are not aware of anyone who beneficially owns, directly or indirectly, or exercises control or direction over, securities carrying more than ten (10) percent of the voting rights attached to any class of outstanding voting securities of the Company.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Consolidated Financial Statements

A copy of the recent annual report for the year ended March 31, 2019, including the audited consolidated financial statements and Management's Discussion and Analysis will be placed before the Shareholders at the Meeting. No vote by Shareholders with respect to this matter is required. Under National Instrument 51-102, Continuous Disclosure Obligations (the "**Instrument**"), the Company is no longer required to send annual or interim financial statements or the Management's Discussion and Analysis relating thereto to its registered and beneficial Shareholders unless they request copies of same. However, the *Business Corporations Act* (Alberta) ("**ABCA**") requires that the annual financial statements be sent to each registered Shareholder unless waived in writing by the registered Shareholder. The Instrument also provides that the Company must send annually a request form to its registered and beneficial Shareholders that may be used by such shareholders to request any or all of the annual and interim financial statements and the Management's Discussion and Analysis relating thereto. Shareholders are encouraged to review and, if action is desired, send the enclosed return cards to Computershare Trust Company of Canada, Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1. Copies of the annual and interim financial statements and the Management's Discussion and Analysis relating thereto can also be obtained on SEDAR at www.sedar.com.

2. Fixing the Number of Directors

The Articles of the Company require that the number of directors on the board of directors of the Company must consist of not less than three (3) and not more than twelve (12) directors. It is proposed that, at the Meeting, the Shareholders fix the number of directors to be elected at the Meeting at four (4).

At the Meeting, the Shareholders will be asked to consider and, if thought appropriate, to pass the following resolution:

"BE IT RESOLVED THAT the number of directors of Niko Resources Ltd. to be elected be and is hereby fixed at four (4)."

In order for the foregoing resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders who vote in person or by proxy at the Meeting. **The Board recommends that Shareholders vote FOR the resolution fixing the number of directors to be elected at four (4).** In the absence of contrary directions, the persons named in the accompanying form of proxy intend to vote the Common Shares represented thereby in favour of the resolutions as set out above.

3. Election of Directors

The Board currently consists of five (5) directors and the term for each of the present directors expires immediately following the Meeting. Mr. Christopher H. Rudge, current Chairman of the Board of the Corporation, is not standing for re-election to the Board. The four (4) persons named below will be presented for election at the Meeting as management's nominees. Management of the Company does not contemplate that any of the nominees will be unable to serve as a director, but if that should occur for any reason prior to the Meeting or if additional nominees should be presented, the persons named in the enclosed form of proxy reserve the right to vote for another nominee or nominees in their discretion. Each director elected will hold office until the next annual meeting of the Shareholders or until his successor is duly elected or appointed pursuant to the Company's by-laws, unless the director's office is earlier vacated.

On July 18, 2016, Niko amended its articles to create a series of preferred shares designated as the Series I Preferred Shares. One (1) Series I Preferred Share was issued to the Agent on behalf of the lenders to the Term Loan Facilities.

The consent of the holder of the outstanding Series I Preferred Share is required prior to: (a) altering, changing or amending the preferences, privileges or rights of the preferred shares; (b) increasing or decreasing the authorized number of directors constituting the Board; (c) amending the Company's articles or bylaws, to the extent that any such amendment adversely affects the preferred shares; or (d) authorizing, creating and/or issuing any new senior or pari passu class or series of securities of the Company. In the event of the liquidation, dissolution or winding-up of the Company, the holder of the Series I Preferred Share shall be entitled to receive a distribution of capital in priority to the holders of common shares equal to \$1.00. The holder of the Series I Preferred Share is entitled to receive an annual preferential cumulative dividend, when, as and if declared by the Board, at the rate of 0.00001 percent per annum on the redemption price of the Series I Preferred Share. Upon the occurrence of the earlier of: (a) December 31, 2025; and (b) the date by which the Company's interests in certain oil and gas assets located in India and Bangladesh are disposed of and distribution of the related proceeds is completed, all voting rights attached to the Series I Preferred Share shall expire and the Series I Preferred Share shall become redeemable.

The holder of the Series I Preferred Share, acting as a separate class, is also entitled to nominate up to 2 (two) directors for the slate of directors to be put forward by the Company's management at any meeting of the Shareholders where the directors of the Company are to be elected. The holder of the Series I Preferred Share has nominated one director, Mr. Frederic F. (Jake) Brace, as a nominee. The failure of the nominee of the holder of the Series I Preferred Share to be elected to the Board would constitute a breach of covenant of the Company under the Fourth Amendment of the Term Loan Facilities, which if not remedied, on a timely basis, would lead to an event of default, giving the Agent and the Lenders the right to appoint a receiver, receiver and manager, interim receiver, custodian, sequestrator or other person with similar powers (a "Receiver") to replace management of the Company and the Guarantors for the purposes of directing the operation of the business of the Company and the Guarantors for the remaining term of the Facilities Agreement. The Receiver would be bound by the terms of the Fourth Amendment.

In order for the foregoing resolution to be passed, it must be approved by a simple majority of the votes cast by Shareholders who vote in person or by proxy at the Meeting. **The Board recommends that Shareholders vote FOR the resolution electing the nominees presented below.** In the absence of contrary directions, the persons named in the accompanying form of proxy intend to vote the Common Shares represented thereby in favour of the resolution.

Majority Voting

The Board has adopted a policy (the "**Majority Voting Policy**") for the election of directors. Under the Majority Voting Policy, in the event that any nominee for election, receives more "withheld" votes than "for" votes at any meeting at which Shareholders vote on the uncontested election of directors, the nominee shall forthwith submit his or her resignation to take effect immediately upon acceptance by the Board. It is anticipated that any decisions necessitated in the circumstances outlined in the preceding sentence will be made within ninety (90) days, and the Board may fill any vacancy created thereby. The Majority Voting Policy does not apply in circumstances involving contested director elections. The full text of the Majority Voting Policy is attached hereto as **Appendix C**.

Advance Notice

The Corporation's by-laws require advance notice for nomination of directors for consideration at a shareholders meeting. Any notices of director nominations must be submitted to the Corporate Secretary no later than 30 days and not more than 65 days prior to the date of an annual meeting. The notice must include certain information about the proposed director nominee(s) (including name, age, residency, citizenship and principal occupation) and the nominating shareholder. Only those director nominees that comply with applicable requirements set out in the Corporation's by-laws will be eligible for election as directors of the Corporation. The full text of the Advance Notice Bylaw is attached hereto as **Appendix D**. Information on how to contact the Corporate Secretary is provided on page 20 of this Information Circular.

Director Candidates

While the Board does not have a formal written policy on diversity, it recognizes the importance of diversity of experience, education, ethnicity and gender, as part of its overall evaluation of director positions. Board nominations and appointments of directors and officers are assessed based upon the merits of the candidates and board requirements. The Board is mindful of the benefits of diversity and is committed to a corporate culture of inclusiveness and tolerance where a diversity of views, backgrounds and experiences are represented at the Board to enhance the effectiveness of decision-making processes. The Company does not differentiate by race, colour, ethnicity, religion, gender, sexual orientation or any other aspect. The Board does not believe that a formal policy will necessarily result in enhancing gender diversity beyond the current recruitment and selection processes carried out by the Board that take into account a broad range of selection criteria carefully designed to result in the recruitment of the most qualified individuals. In identifying director nominee candidates, the Board will continue to consider numerous other factors beyond gender, such as the candidate's skills, expertise, industry experience and leadership qualities. The range of skills and experience sought by the Board include extensive international oil and gas industry experience, an exploration background, financial literacy and a strong reputation. The Board also considers the skills and experience of existing directors and the need for additional skills and experience on the Board in the areas of: enterprise management, business development, mergers and acquisitions, strategic planning, corporate governance, change management, oil and gas operations, health, safety and environment management, financial expertise, global experience, human resources, reserves evaluation and risk evaluation. However, the Company does not currently have any targets that specifically require the identification, consideration, nomination or appointment of female board nominees. The Board believes singling out one specific attribute may not result in the recruitment of the most qualified candidate for a position. It is anticipated that inclusion of women on the Board will be attained naturally as directors retire and new candidates are nominated for these director positions.

The Company focuses on attracting and retaining experienced and highly skilled individuals when considering candidates for executive officer positions. Rather than considering the level of representation of women in executive officer positions, the Company considers numerous factors such as the candidate's skills, expertise, professional experience, leadership qualities and public company experience relevant to the specific role, in addition to gender. As at the date hereof, none of the directors on the Board are women and none of the executive officers of the Company are women.

Director Term Limits and Other Mechanisms of Board Renewal

The Board has not adopted a policy for term limits for directors. The Board composition has been assessed by the Board to ensure that the Board has the right mix of skills and expertise that will enable the Board to provide strong stewardship for the Company. The Board believes that it is in the stakeholders' best interests to ensure the most qualified persons are on the Board, regardless of age or tenure.

Director Independence

The Company uses the meaning of independence set forth in section 1.4 of Canadian Securities Administrators' National Instrument 52-110 *Audit Committees* ("**NI 52-110**") to assess whether or not Board members are independent. As at March 31, 2019, the total number of independent directors was four (4), representing eighty (80) percent of the total board of directors.

Interlocking Directorships

As at the date hereof, Mr. Brace sits of on the board of directors of two publicly-listed companies and Mr. Carley sits on the board of directors of one publicly-listed company. Mr. Knowles sat on the board of director of one publicly-listed company until July 2018. The Company has not adopted a formal policy limiting interlocking directorships. The Company has adopted a formal policy that it will evaluate any interlocking directorships that occur in the future to determine if they impact the ability of the directors to act in the best interests of the Company. When recruiting new directors, the Company considers the number of public company boards on which a proposed director sits when evaluating whether such proposed director will have sufficient time to devote to the Company and discharge his or her duty to act in the best interests of the Company.

STATEMENT OF EXECUTIVE COMPENSATION – VENTURE ISSUERS

Compensation Discussion and Analysis

During Fiscal 2019, the Board was responsible for reviewing and refining the Company's compensation policies and practises to ensure the Company is consistent with the performance and goals of the Company.

Compensation for named executive officers ("**Named Executive Officers**") and employees could be comprised of three components: i) base salary, ii) annual bonus and iii) Options. Salaries and annual bonuses would be cash based and are intended to provide current compensation and short-term incentive. Historically, Options have been granted as long-term incentive and are designed to align with the benefit associated with the long-term appreciation of the Company's share price performance. The Board reviews all three components in assessing the compensation of its Named Executive Officers and employees.

Based on the Company's financial position and ongoing restructuring efforts, the Board did not make any changes to the Company's compensation policies and practices for employees and Named Executive Officers. Historically, the Board used independent industry benchmark surveys, comparable company payment statistics and energy market trends to determine compensation. However, this methodology was deemed inappropriate given the Company's financial position and ongoing restructuring efforts.

Components of Compensation

The three (3) compensation components determined by the Board for Named Executive Officers and employees are described below:

Base Salary

Base salary amounts are set for each individual based on the required skills to carry out the Company's business plan and daily operations of the Company, the expertise and experience of the specific individual and consideration of the competitive marketplace. The base salary amounts for employees are fixed and determined by management and approved by the Board. Any base salary amounts for Named Executive Officers are determined and approved by the Board. Any general salary increases are approved by the Board at the beginning of each calendar year, as applicable. No general salary increases were approved since calendar 2015 due to the Company's financial condition and ongoing restructuring efforts.

Annual Bonus

Based on the Company's financial position and ongoing restructuring efforts, in Fiscal 2017, the Board decided that performance bonuses not be paid to Named Executive Officers, employees or consultants. As such, the Company has not paid any performance bonuses since Fiscal 2017.

Option Plan

Options are considered at-risk long-term incentive compensation for directors, employees, consultants and Named Executive Officers. The individual number of Options granted to each employee is based upon the position and function of the employee within the Company and the employee's relative ability to impact the desired result. A base number of Options is assigned to each employee at the beginning of their employment. One third (1/3) of the total number of options awarded vests on commencement of employment, and the balance vests on the following two (2) anniversaries of their employment. New Options are granted upon expiry of each option tranche, subject to Board approval. The Options vest one (1) to two (2) years from the grant date in order to serve as an effective employee retention tool. The employee benefits from the Options in the event that the Company's share value increases over time as they continue to be employed by the Company. Options are useful in aligning interests of management and shareholders as benefits derived from Options parallel the benefits realized by shareholders through share price appreciation.

The Option Plan authorizes the Board to grant Options to purchase Common Shares to directors, Named Executive Officers, employees and consultants of the Company. The total number of Options issuable under the Option Plan is limited to no more than ten (10) percent of the outstanding Common Shares. As at March 31, 2019, there were no Options issued and outstanding and the number of securities remaining available for future issuance under equity compensation plans approved by securityholders and in total was 9,409,997, representing ten (10) percent of the total outstanding Common Shares as at March 31, 2019.

The Board considers the implications of the risks associated with the Company's compensation policies and practices outlined above. The Board recognizes that the Company's current business strategy is inherent to several risks and is no longer reflected by share price appreciation given the current market conditions. Based on the Company's financial position and ongoing restructuring efforts, in Fiscal 2015, Board decided that Options not be issued to directors, Named Executive Officers, employees or consultants. As such, the Company has not granted any Options since May 2014.

Compensation of Named Executive Officers

The two (2) Named Executive Officers of the Company as at March 31, 2019 were Mr. William T. Hornaday, Chief Executive Officer and Mr. Glen R. Valk, Chief Financial Officer, Vice President, Finance, and Corporate Secretary. The Company does not provide long-term fixed cash cost compensation such as retirement plans, medical plans, savings benefit plans, insurance policies or plans, deferred compensation arrangements or stock appreciation or phantom stock option rights.

- e) CAD\$10,000 additional annual retainer payable to the Chair of the Reserves and Health, Safety & Environmental Committee;

- a) CAD\$50,000 as an annual base retainer;

Termination and Change of Control Benefits for Named Executive Officers

The Company does not provide termination benefits to any of its employees, except as required by law. In the event a Named Executive Officer is terminated or ceases to be employed by the Company, the Company shall pay to the individual, within five (5) business days following the date of termination, the amount of unpaid annual salary owing up to and including the date of termination, any bonus declared but not yet paid, and all outstanding vacation pay and expense reimbursements (in each case less applicable withholdings and deductions). In addition, any unvested Options are forfeited and the employee has thirty (30) days from the date of ceasing employment to exercise any vested Options.

The Company has an employment agreement with each Named Executive Officer, which provides for payments in the event of a "change of control" of the Company. The definition of "**change of control**" in these agreements includes (i) a change in ownership of Common Shares which results in a person or group of persons acting jointly or in concert (or their affiliates or associates) being in a position to exercise effective control of the Company (which shall be deemed to include ownership or control of in excess of fifty (50) percent of the Common Shares) and (ii) the sale, lease or transfer of all or substantially all of the assets of the Company.

In certain circumstances, when a change of control of the Company occurs, payments will be made to the Named Executive Officers. These circumstances include: (i) when a Named Executive Officer's employment with the Company is subsequently or contemporaneously terminated by the Company without cause within twelve (12) months of the date of a change of control event; (ii) when a Named Executive Officer does not continue to be employed by the Company at a level of responsibility or a level of compensation at least commensurate with the Named Executive Officer's existing level of responsibility and compensation immediately prior to the change of control event and the Named Executive

Officer elects in a written notice to the Company within twelve (12) months of the date of a change of control event to treat the Named Executive Officer's employment as being terminated as a result of either such reduction; and (iii) in the case of the Named Executive Officer, when the Named Executive Officer elects within thirty (30) days of the change of control event not to continue to be employed by the Company. In addition, upon the occurrence of a change of control, all outstanding Options will immediately vest and become exercisable upon approval by the Board.

Each Named Executive Officer has agreed that, concurrent with the receipt of payments under his employment agreement, he will resign from his position with the Company and release the Company, its directors, officers, employees, agents, insurers, successors and assigns from the obligation to pay any further amounts or benefits to him with respect to his employment or its termination. The payment of any amounts are subject to compliance with certain restrictions in the Named Executive Officer's employment agreement, including no breach of proprietary rights of third parties, non-solicitation and other prohibited actions, non-competition, and confidentiality provisions.

The provision of payment and benefit levels for each named executive officer under the various circumstances was determined by the Board in the original employment agreement at the time of placement of each officer's position. The previous Board members assessed compensation payment based on a competitive market analysis. There have not been any changes since the original agreement.

The following table sets forth an estimated aggregate amount that each Named Executive Officer would have been entitled to if he had been terminated without cause on March 31, 2019:

Name ⁽¹⁾	Description of change of control compensation	Change of control compensation	Value of outstanding options ⁽²⁾	Total

- exposing the directors to the Company's organizational structure; and
- acquainting directors with the Company's annual objectives and ongoing operations.

Briefly describe what measures, if any, the board takes to provide continuing education for its directors. If the board does not provide continuing education, describe how the board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.

The Company places an obligation on its directors to maintain a high level of knowledge of the industry and a high level of professional skills. As the directors of the Company meet and review the strategic plan for the Company throughout the year, the Company provides educational information on relevant topics in the form of documents and formal presentations to the Board. In addition, the Company encourages the directors to enrol in courses and programs that will enhance their knowledge and skills in areas that are relevant to their roles as directors and members of Board committees.

5. Ethical Business Conduct

Disclose whether or not the board has adopted a written code for the directors, officers and employees. Disclose how a person or company may obtain a copy of the code. Describe how the board monitors compliance with its code, or if the board does not monitor compliance, explain whether and how the board satisfies itself regarding compliance with its code.

A written Code of Ethics and Business Conduct (the "Code") has been implemented by the Company for all directors, officers and employees. The Board monitors compliance with the Code through communications with management, reports from the Chief Compliance Officer, reports through the whistleblower policy (as described below) and employee sign-off of compliance with the Code. A copy of the Code can be found on the Company's website at www.nikoresources.com or on SEDAR at www.sedar.com.

Describe any steps the board takes to ensure directors exercise independent judgment considering transactions and agreements in respect of which a director or executive officer has a material interest.

The directors and officers of the Company are required to complete an annual statement of compliance under the Company's Code of Ethics and Business Conduct. This ensures directors exercise independent judgement in considering transactions and agreements in respect of which a director or executive officer has a material interest. The Board ensures that a director who has a material interest in a transaction or agreement does not participate in discussions if competitive information is being presented or vote on that matter at Board meetings. Should such a circumstance arise, the matter would be referred to the Audit Committee and the Chairman of the Board for appropriate action.

Describe any other steps the board takes to encourage and promote a culture of ethical business conduct.

The Company is committed to the highest standards of openness, honesty and accountability. To this end, the Company has implemented an Ethics and Anti-Corruption Compliance Program based upon three policies governing ethical business practices as follows:

- a Code of Ethics and Business Conduct to provide guidance on the conduct of the Company's business in accordance with all applicable laws, rules and regulations and with the highest ethical standards;
- an Anti-Corruption Policy which requires adherence to established standards of business conduct to ensure that the Company's business and operations shall be conducted in compliance with the *Corruption of Foreign Public Officials Act* (Canada);
- a Whistleblower Policy to encourage reporting of misconduct and to ensure that concerns regarding questionable business practices can be raised without fear of discrimination, retaliation or harassment. This policy provides an avenue for individuals to confidentially and anonymously report directly to the Board complaints and concerns regarding unlawful or unethical conduct, violation of any corporate policy or accounting, internal auditing controls or auditing matters without fear of victimization, discrimination or disadvantage.

All directors, officers and employees of the Company are required to complete an annual statement of compliance under the Company's Code of Ethics and Business Conduct, the Anti-Corruption Policy, the Share Trading Policy and the Communications Policy.

The Company provides training on ethical and anti-corruption matters to directors, officers and employees through an online training program delivered by an independent service provider, and monitors participation in the training program. The Company also provides training sessions on ethical and anti-corruption matters to selected officers and employees at each of the Company's subsidiary locations.

The Board monitors and reviews compliance with the Code of Ethics and Business Conduct, the Anti-Corruption Policy and the Whistleblower Policy on an annual basis.

As required by the Anti-Corruption Policy, the Board has appointed a Chief Compliance Officer. The Chief Compliance Officer oversees the Ethics and Anti-Corruption Compliance Program and reports directly to the Board.

The Company also has a share trading policy (the "**Share Trading Policy**"). The Share Trading Policy prescribes rules for Restricted Persons and Employees (as such terms are defined in the Share Trading Policy) with respect to trading in securities in the capital of the Company by these individuals when there is undisclosed material information or undisclosed pending material developments with respect to the Company.

6. Nomination of Directors

Describe the process by which the board identifies new candidates for board nomination.

The Board's responsibility includes considering candidates to fill new positions on the Board created either by expansion or vacancies created by the resignation, retirement or removal of any of the Company's directors. The Board composition is assessed by the Board to ensure the Board has the right mix of skills and expertise that will enable the Board to provide strong stewardship for the Company. A skills matrix of director talents and board requirements is maintained and considered in evaluating potential new candidates. Board nominations and appointments are assessed based upon the merits of the candidates and board requirements. The Board is mindful of the benefits of diversity and is committed to a corporate culture of inclusiveness and tolerance where a diversity of views, backgrounds and experiences are represented at the Board to enhance the effectiveness of decision-making processes. In identifying director nominee candidates, the Board will continue to consider numerous other factors beyond gender, such as the candidate's skills, expertise, industry experience and leadership qualities.

Disclose whether or not the board has a nominating committee composed entirely of independent directors. If the board does not have a nominating committee composed entirely of independent directors, describe what steps the board takes to encourage an objective nomination process.

The Board does not have a separate nominating committee as the Board is charged with the responsibility for handling the nomination process. The entire Board has input to the nomination process and each candidate is then interviewed by the independent directors of the Board.

7. Compensation

Describe the process by which the board determines the compensation for the issuer's directors and officers.

The Board is responsible for determining and reviewing the compensation for the Named Executive Officers and the directors of the Company to ensure that compensation is fair, equitable and consistent with that of its industry peers.

During the past few years, the Board has considered the Company's restructuring efforts as a key factor in determining the Company's compensation policies and practices, while focusing on retaining Named Executive Officers and directors. The Board historically used independent industry benchmark surveys and comparable company payment statistics for comparative analysis to determine compensation. However, based on the financial condition and on-going restructuring efforts of the Company, the historical approach was no longer appropriate. The Board has assessed compensation using more practical metrics for determining salaries, bonuses and other compensation arrangements for Named Executive Officers and directors. Metrics included a review of the current market and health of the energy market including the sharp decline in commodity prices which resulted in depressed industry conditions.

Disclose whether or not the board has a compensation committee composed entirely of independent directors. If the board does not have a compensation committee composed entirely of independent directors, describe what steps the board takes to ensure an objective process for determining such compensation.

In March 2018, the Board disbanded its corporate governance and compensation committee effective April 1, 2018, with the previous roles and responsibilities of this committee now handled by the Board.

If the board has a compensation committee, describe the responsibilities, powers and operation of the compensation committee.

In March 2018, the Board disbanded its corporate governance and compensation committee effective April 1, 2018, with the previous roles and responsibilities of this committee now handled by the Board.

8. Other Board Committees

If the board has standing committees other than the audit, compensation and nominating committees, identify the committees and describe their function.

In addition to the Audit Committee, the Board had a Reserves and Health, Safety & Environmental Committee until June 30, 2019.

In June 2019, the Board disbanded its Reserves and Health, Safety & Environmental Committee effective July 1, 2019, with the previous roles and responsibilities of this committee now handled by the Board.

9. Assessments

Disclose whether or not the board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution. If assessments are regularly conducted, describe the process used for the assessments. If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.

The Board internally evaluates the effectiveness and contribution of the Board, its committees and individual directors on an annual basis. The results of the evaluation are analyzed by the Chairman of the Board with the directors to determine areas for improvement. Changes to the Board composition and collective skill set are recommended and implemented to enhance the overall performance of the Board on an as needed basis.

MAJORITY VOTING POLICY

The board of directors (the **Board**) of Niko Resources Ltd. (the **Company**) believes that each director should have the confidence and support of the shareholders of the Company. To this end, the Board has unanimously adopted this policy and future nominees for election to the Board will be required to confirm that they will abide by the policy.

Forms of proxy for the election of directors will permit a shareholder to vote in favour of, or to withhold from voting, separately for each director nominee. The Chair of the Board will ensure that the number of shares voted in favour or withheld from voting for each director nominee is recorded and promptly made public after the meeting. If the vote was by a show of hands, the Company will disclose the number of shares voted by proxy in favour or withheld for each director.

If a director nominee has more votes withheld than are voted in favour of him or her, the nominee will be considered by the Board not to have received the support of the shareholders, even though duly elected as a matter of corporate law. Such a nominee will be expected to forthwith submit his or her resignation to the Board, effective on acceptance by the Board. The Board, after consideration shall determine whether or not to accept the resignation within 90 days after the date of the relevant shareholders' meeting.

This policy does not apply where an election takes place at a contested meeting, being a meeting at which the number of directors nominated for election is greater than the number of seats available on the board.
